Filtering / Fining	None
Bottled	February 2022
Total SO2 at bottling	< 50 ppm
Production	80 cases
Release	Spring 2022
Winery Retail	\$50
WA	96
Vinous	93

NOTES

If there is such a thing as raunchy elegance (and I think there is because I've heard Stevie Ray Vaughn and early Jack White), Insouciance has it in spades and with such nonchalance! Hard to tell because our rosé wines are usually co-ferments of multiple varieties that stretch over a long period, I suspect that Petit Verdot (often a monster as a red wine) may be the chief culprit in this because it shows us signs of these qualities early in the red ferments. However, with six other components (Grenache, Syrah, Roussanne, etc.) who are equally influential, we just don't know - personally, I find a good mystery thrilling! In any case, given the exuberant fragrance range and charming textural qualities, we have now classified our rosé wines to the "essential beverage" category; it seems many of you have as well, and sadly, Insouciance is scarce...grab it while it's here!

Food: anything you want - it's Sanguis rosé, bring it!

Music: Well of course... 300 MPH Torrential Outpour Blues, Ball and Biscuit; The White Stripes \\
